

## From thiolate chemistry to functionalized oligothiophenes and their immobilization as monolayers

Submitted by Emmanuel Lemoine on Tue, 02/04/2014 - 16:44

Titre	From thiolate chemistry to functionalized oligothiophenes and their immobilization as monolayers
Type de publication	Communication
Type	Conférence invitée
Année	2010
Langue	Anglais
Date du colloque	21-23/06/2010
Titre du colloque	"Multifunctional and Switchable Molecular Materials: Design, Synthesis, Characterization and Preparation as Crystals and Thin Films"
Auteur	Blanchard, Philippe [1]
Pays	France
Ville	Angers
Notes	Date du colloque : 06/2010
URL de la notice	<a href="http://okina.univ-angers.fr/publications/ua2217">http://okina.univ-angers.fr/publications/ua2217</a> [2]
